County FA - Report IT

Report It - Online/mobile process for reporting Safeguarding Concerns, Incidents and Discrimination

Berks and Buck County FA have updated our process for reporting safeguarding concerns and reporting incidents at matches/training, in line with The FA's online Discrimination reporting process.

The new process now means you can report safeguarding concerns, incidents, and discrimination, online straight from your mobile phone, tablet or other devices making it easier to report issues as and when they arise, from the training ground to the touchline.

There are three separate forms, one for each area and we will be promoting this new process regularly across the season via our social media channels - any support you can give to this work would be greatly appreciated.
